GUIDELINES AND PROCEDURES

PURPOSE

The Dixon Chamber of Commerce and Main Street Revolving Loan Fund (RLF) is established to provide a source of financing, which may not otherwise be available within the city, for expanding or start-up businesses. Used to fill a "financing gap" in a business development project, the RLF offers a low-interest option to complete a financing package. A "gap" occurs when the business lacks the funds to meet the equity requirements of bank financing or needs a lower interest rate. Further, the RLF seeks to:

- Retain and attract businesses that provide permanent jobs
- Maximize investment within the city
- Redevelop vacant and/or blighted land and buildings
- Promote sales and tax generating projects
- Provide financial assistance to eligible businesses

The Revolving Loan Fund adds another tool to the "tool box" of our economic development efforts. The incentives provided to business through this RLF are a fixed rate, low interest, and/or long-term financing for a business wanting to expand or locate within the city.

Although the RLF is not the primary source of financing for a project, public and private financing lessens the risk for the primary lender and yields an overall lower cost of money for the borrower.

It is the intent of the RLF to view both existing and start-up business as equal under the criteria, with preference given to those expansions and start-ups that result in retained or new jobs and/or new sources of economic activity within the city. Dixon Chamber of Commerce and Main Street seeks to work with healthy companies that have excellent potential for growth, will provide increased employment in the city, and will help diversify our economy. For existing business, the primary criteria to be considered are the following:

- Dedicated and experienced management
- Past performance
- Current economic viability of the business
- High potential for profitability
- High potential for growth
- Sufficient collateral and cash flow to service and secure the loan
- Inability to obtain conventional financing at rates and terms that make the project viable

In the case of entrepreneurial start-up business, the following will also be considered:

- Market strengths such as providing a new service or product development or distribution in Dixon as demonstrated by local market and/or feasibility study
- Complementary business development that serves an existing city business entity

- Consistent with City and/or Community Comprehensive plan and goals of the Overall Economic Development Plan for types of business and industry

PROCESS

Administration:

Most applications begin with the applicant's local banker who recommends the Revolving Loan Fund program. In the event the applicant banks outside of the city, a member bank within Dixon may serve as a starting point for individuals or businesses wishing to receive application guidelines and criteria.

RLF applicants from outside the city are encouraged to bank locally.

The RLF application review is conducted by the DCCMS Revolving Loan Fund committee consisting of representatives from DCCMS, an economic development group, a member bank, the City of Dixon, and a representative from the local business community. The committee reviews and recommends approval or denial of an application to the DCCMS Board of Directors who is the final authority on granting the loan.

The RLF funds are available through an allocation of DCCMS funds and the RLF program is only available when funding is available.

Application:

All applicants for the RLF are charged a (non-refundable) \$200 processing fee.

Application packages are available through the Dixon Chamber of Commerce and Main Street office, Chamber-member Banks,, and on Dixon Chamber of Commerce and Main Street's website (www.discoverdixon.com). Applicants are urged to complete the application in conjunction with the applicant's local banker. Upon recommendation from the banker, the application is referred to the Loan Committee for its motion to deny or approve. Upon final approval, the originating bank will issue and service the loan on behalf of the RLF.
